Working Process:

I am working on the **Agile Methodologies** for the real time project updates. I am open for other suggestions as per your development environment.

I will sign **NDA + Contract** before starting any project to maintain confidentiality with on-time update and Skype, Scrum meetings.

- **For the communication**, I will use Skype, Hangout, Zoom, Phone and Team Viewer
- **For code management**, I will use Git and Bitbucket
- **Experience work with both local and remote** development teams, utilizing industry standard development methodologies (**Agile Methodologies**)
